

The Stars Say—

For Thursday, July 21

BY GENEVIEVE REMBLE

The stellar operations dominant on this day make for enterprise, ambition and fine initiative, with the goal pitched high in many directions, but while these are under excellent prospects, yet there may be unexpected frustrating circumstances with some stubborn obstacle to be removed before real progress is made. There may be unforeseen change or journey and dealings with strangers, with whom be wary. Personal matters should thrive and give satisfaction.

Those whose birthday it is may prepare for a year of lively conditions, with much initiative, resourcefulness and ambition, but they may meet with stubborn obstacles and unexpected opposition, with unforeseen change or journey. With determination and persistency affairs should prosper, and the private interests be gratifying and pleasant.

A child born on this day should be versatile, ambitious and well-equipped for success, despite many obstacles and unforeseen opposition to its projects. It should succeed and have a pleasant private life.

To Our Customers--

... Just What Is A Fair Rate for Gas Service?

IT'S surprising how many people cannot tell you just what is the present gas rate. They may remember what last month's gas bill amounted to, but they don't know the rate. Doesn't this suggest that the importance of the rate is greatly exaggerated?

Sometimes persons who don't know the present rate get a little excited over the idea of paying a higher one. They don't stop to think that it isn't the rate, but the quantity of gas used, that makes the gas bill.

Magnifying rates too often has resulted from mis-statements purposely made to further some personal interest or ambition. Seldom does the thought occur that all of the increase in rate may be saved by a more careful and thrifty use of gas. This would keep the gas bill down, no matter what the rate.

The Gas Company does not like to ask a higher rate for service. It is compelled to do so for two reasons: First, its income from gas sales in Marion during the last several years has not been enough to pay expenses. Secondly, Marion's gas needs call for additional supply line and plant capacity requiring more money to be invested.

Reasonably the Company cannot be justified in investing more money unless it is permitted to make a little return. This actually means more to Marion business and employment than it does to the Gas Company.

As long as the Company doesn't ask more for gas than it is worth as a service, it isn't asking too much. The proposed rate of \$1.00 for the first 500 cubic feet or less, and 60 cents per thousand cubic feet for all over 500 cubic feet, is not too much because it is cheaper than the gas user can get his cooking or water heating done with any other fuel.

It is the same rate being paid now by Mansfield, Findlay, Fostoria, Newark, Fremont, and scores of

other cities and towns. A large number of Ohio cities and towns are paying even higher rates. This rate is in line with the average price of gas in Ohio and in the United States. It is fair and reasonable for Marion--- and settling this matter now means more for the community's progress than anything that can happen.

Some objection has been made to the charge of \$1.00 for the first 500 cubic feet. Gas users are now paying 95 cents for the first 500 cubic feet. The objector suggests a flat rate but apparently doesn't realize that such a form of rate would have to be so much higher for the gas used that lots of people could not afford to use it. A flat rate sufficient to pay costs would have to be 78 cents per thousand cubic feet.

Since a large part of the operating costs are for gas connection, service maintenance, meter reading, accounting, billing and similar expenses that occur regardless of gas used, payment of part of this expense in the first charge keeps the actual gas rate down. This makes it possible for everyone to enjoy gas on the same basis.

The Gas Company realizes better than anyone else what happens when the rate is too high because it loses business and revenues decline. It is anxious to have rates fair and right to encourage larger use of gas. The rates proposed do not meet the full cost of service but they allow a small margin and will allow a greater use of gas with improved facilities.

Now this is fair, isn't it? If there is anything you don't understand about it, will you call the Gas Company for more information?

Thousands of Marion people say, "settle this thing right now and get busy building better service and a greater Marion." We are ready. Your City Council can pass an ordinance in one evening that will start work. Will you tell them to do it? Will you back them up? Let's have action.

'COMPLEXION CHARM' IS
LOST IF FACE POWDER IS
NOT PROPERLY CHOSEN.

'You can't buy face powder blindfolded. Only America's beauty experts because face powder is as essential to the perfect costume as the dress or hat. Your skin is either oily, dry or normal—and it has certain peculiarities with which your face powder must blend perfectly.'

One of these three Face Powders was made just for your skin.

Whatever type of skin you have there is a Plough Face Powder especially for it. A smooth chamois powder that fully emphasizes your complexion charm. For oily skin choose Plough's Face Powder. For dry skin choose Plough's Face Powder. For normal skin choose Plough's Face Powder. Plough's Three Face Powders are sensibly priced at all drug stores.

FOUR HOLDUP SLAYERS DIE

Weeping Relatives Wait Through Night of Executions in New Jersey.

By International News Service.
TRENTON, N. J., July 23.—Weeping relatives, who waited during the night in the rain, today claimed the bodies of four men who were executed here last night, paying for the murder of a cashier in a payroll holdup three years ago.

The mother of one of the men and the 17-year-old sweetheart of another stood outside the prison walls when the state took its toll.

Victor Glampietro, who was said by authorities to have informed on the others, was the first to die. Johnny Murray, alias Frank McVie, the "Jersey Kid," Joe Mulhuga and Joe Rando followed. It was the last wish of the last three named men, prison keepers said, that Glampietro be the first of the quartet to die.

Informers' Hopes Filled.
Glampietro hoped in the end that because he had been an informer he would not be executed but Governor Landon declined to reprieve him.

Rando, who tied him in the death chair, mumbled that he was innocent. When a strap was put over his mouth he continued to protest his innocence and only stopped when a priest leaned over and told him: "They can't hear you."

McVie, refusing solace of a priest, walked to the chair with a red carnation pinned to his white shirt. He had just finished smoking his last cigar.

Mother's Love Unchanged.
Mrs. J. Glampietro was the mother who waited outside the walls. "He was always a good boy and I love him, I love him," she sobbed.

The girl, hysterical with fear, was Mabel Davis, sweetheart of McVie. She was permitted to visit him before he died.

The man who was killed by the quartet was George B. Lee, public cashier in Newark.

Washington Waiting for Huston To Call Meeting

By International News Service.
WASHINGTON, July 23.—Politically-minded Washington today was waiting to see whether nightfall would produce a call by Claudius H. Huston for a meeting either of the executive committee of the Republican national committee or the full committee itself.

It has been reported reliably that the harassed Republican national chairman made an oral promise to issue such a call within 48 hours after adjournment of the special session of the senate, and make known his intention of resigning in that meeting. Five p. m. today will bring about the expiration of those hours.

THEY'LL SET NO MORE

By International News Service.
BOSTON, Mass., July 23.—The bottom dropped out of the freestanding "protection" for children under 16 today. The society for the prevention of cruelty to children announced it would take action against all young children in the state who followed the latest "craze."

The action of the society followed the statement of Dr. George H. McGraw, state health commissioner, that the "tree sitting" was dangerous to health.

EGYPT, "oldest civilization in the world" except perhaps Mesopotamia, acts through the anger of the mob just as savage nations act.

Incidentally, rioters seek out tents in gas mains, set fire to the tents and blow up houses, destroy many houses.

The British stand such nonsense well. If Egyptians insist on burning Egyptian what can you do?

But when the fighting spreads to the Suez canal, that is something else. Britain will not ignore a request for reinforcements there.

His regular visit to the British prime minister what the Suez canal, with its short cut for ships, is to the British Empire.

A COMMITTEE of congressmen went to inspect "dangerous roads" in the hot sunshine at their summer camp.

The congressmen looked woe, the Communists, dressed in "shirts," according to reporters, yelled "Murderer! Capitalists!" at the committee, which contained no murderers and no capitalists of any importance.

If "reds" could get rid of the "capitalists" that worried Karl Marx, how would they feel? There would be no more bath tubs, automobiles, "movies," ready-made "shirts" or good pay rolls.

All those things are the products of "capitalists."

Stone Thrown by Auto Wheel Smashes Window

A loose stone, thought to have been thrown by a wheel of a passing automobile is believed to have been the cause of the breaking of a large hole in one of the plate glass store fronts in the C. Z. Zechman grocery store at 181 South Main street.

Hearing a crash in the front of the store about 8 a. m. today employees of the grocery found that a stone had been hurled through the lower right-hand corner of a large window. The force of the impact is thought to have shattered the stone as several small pieces were found scattered about on the sidewalk outside the store.

"The identity of the motorist whose car was responsible for the accident is not known."

CITY PUSHES WORK ON STREET PAVING

Three Projects, Now Under Way; Asphalt Repairs To Be Completed Soon.

City workmen are busy today filling depressions in South Prospect street preparatory to placing a final surface treatment on the street.

The Asphalt Block Co. of Toledo is expected to complete the work of relaying approximately 10 asphalt blocks at the city by the end of this week.

Ready & O'Connell of Marion have commenced the work of resurfacing North Prospect street from the Erie railroad to Main street. Work on Silver street from the Hooking Valley railroad to the west corporation line of the city is progressing nicely. P. Drake & Sons of Marion are in charge of the resurfacing of this stretch of pavement.

"MILLIONAIRE HOBO" DIES OF PRIVATION

James Eads How, Famous Leader of Wanderers, Passes Away.

Romeo Charged with Murder of Bank Guard

By Brush-Moore, Leased Wire.
CANTON, O., July 23.—Indictment charging James Romeo, 27, with murder in the first degree in connection with the death of Charles N. Ribbel, 60, veteran bank guard and a former Canton chief of police was returned shortly before noon today by the Stark county grand jury.

Ribbel was shot and fatally wounded last Wednesday when he engaged in a gun battle with a trio of bandits who held up and robbed Jacques Marlin, bank messenger, as \$50,000 was being taken from the bank to the post office for mailing to the Cleveland Federal Reserve bank.

PRIVATE BANK CLOSED

By The Associated Press.
WASHINGTON, O. C., July 23.—The Farmers bank, a private institution at Jeffersonville, near here, failed to open its doors today. O. C. Gray, state banking superintendent, took charge. The bank was closed. Its officers said, because of heavy withdrawals of deposits during the past several weeks.

HARRY G. McFARLIN CLAIMED BY DEATH

Marion Man Dies at 1 P. M. Today at Home at 520 Blaine Avenue.

Harry G. McFarlin, 45, died today at 1 p. m. at his home 520 Blaine avenue, following a prolonged illness of complications superinduced by colitis.

Mr. McFarlin was born in Delaware county and had resided practically all his life in this city. He is survived by his widow Mrs. Eddie McFarlin and three children, William and Harry G. at home and Mrs. Robert Lealey of Columbus street. Two sisters, Mrs. Roy Brewer of north of the city and Mrs. Kelly Curran of Columbus, also survive. Mr. McFarlin was affiliated with the Eagles and Druid lodges.

The body was removed to the Gunter funeral home on West Center street.

TO HEAR APPEAL ON MAIN STREET CASE

Appellate Court To Be In Marion Tuesday To Consider Injunction.

Hearing on the city's appeal in the Main street paving injunction case will be held by the third district court of appeals in the common pleas court room here next Tuesday morning. It was learned today.

The city today posted a \$500 appeal bond through Clerk of Courts Everett H. Grady.

Efforts of the city to rush the case through the appellate court indicates that the Main street improvement between George and Columbia streets may be started yet this summer.

The injunction which the city is appealing was granted by common pleas court last week following a hearing on a petition brought by Llewellyn A. Allen in which he claimed his own bid for the Main street improvement contract was \$7,300 lower than that of the P. Drake & Son firm which was awarded the contract on its bid of approximately \$54,000.

The court upheld Allen's contention that the contract was not let to the lowest bidder and consequently forced the contract to the city from giving the contract to the Drake firm.

Should the city lose its appeal, it is likely it will throw out the former bids and ask for new proposals from interested contractors.

The law firm of Ochs & Hoffer represent Allen and City Solicitor Carter Patton is defending the city.

INJURED MAN SUES ERIE FOR \$25,000

John L. George Brings Suit Against Railroad as Result of Mishap at Transfer.

Claiming that he was severely injured, perhaps permanently, when logs on a railroad car fell on him, John L. George today filed suit for \$25,000 damages in common pleas court against the Erie Railroad Co. and the Chicago & Erie Railroad Co.

George claims that while working at the Erie transfer here he was engaged in transferring a carload of logs from one car to another when the stakes which held the logs on the car allegedly broke, causing several of the heavy logs to fall on him. The accident occurred on April 18.

The plaintiff claims his spine was injured, his right leg crushed, his left shoulder crushed and two fingers broken. He alleges the defendant companies to have been careless and negligent.

The law firm of Carhart & Warner represents the plaintiff.

Body Removed to Home—The body of Abram Drake, aged Civil War veteran who died yesterday morning, was removed today from the W. O. Boyd funeral home on South Main street to the Drake home at 606 Fernan street where it may be viewed tonight and until service time Thursday at 1:30 p. m. at the Grace Evangelical church on Union street. Burial will be made in the York Center cemetery.

DELAYS DECISION

Judge Cast To Rule in Hopkins Liquor Case Later.

Decision in the case of Milt G. Hopkins of near Green Camp, charged with illegal possession of intoxicating liquor, was postponed by Judge Oscar Gast of probate court today following a hearing given the accused this morning.

Sheriff John J. Francis testified from the witness stand that he and a deputy found four and one-half gallons of alleged corn whisky near the Hopkins home when they went there to investigate reports that stolen chickens were on the property.

Fred W. Warner was attorney for the accused at the hearing today and prosecuting Attorney Alfred Donithen represented the state.

threats for the last two weeks because of the part he was taking in the recent campaign.

The La Salle hotel at Woodward avenue and Adelaide street is near the heart of the city. From a window in the hotel July 3, Buckley witnessed the shooting of two gangsters as they sat in a car parked at the Adelaide street entrance. This double killing ushered in the three weeks of gang warfare.

Mayor Bowles characterized Buckley's slaying as "a terrible, terrible thing." He welcomed the assistance of state law enforcement agencies.

Buckley was sitting in the lobby of the hotel when three men entered, approached him from behind and fired 11 bullets into his body at close range. Six bullets entered the back of his head, all within an area of four inches. He was shot in the neck, arm, leg and foot.

Jack Klein, motion picture operator, was sitting in a chair beside Buckley. He said he ran when the shooting started. He could not describe the assassins. After killing Buckley, the three gunmen ran out of the hotel, entered a car and drove away.

Had Practiced Law.
Buckley was 37 years old. He was married and had one child, four years old. He was a graduate of St. Mary's college, St. Mary's, Kan., and Detroit College of Law. He practiced law here and was counsel for the Ford Motor Co. four years.

One suspect was arrested in connection with the slaying when he was found in an elevator of the hotel shortly after the shooting. He was registered as Angelo Livechi and is held for investigation.

The police said he was wanted in Rochester, N. Y., where he jumped bond of \$10,000 while awaiting trial on a charge of robbery armed.

Detectives said he has been known as a member of a Detroit gang for several months.

GOVERNOR OPENS INQUIRY

Arrives in Alpland for Conference with Police Officials.
By The Associated Press.
DETROIT, July 23.—Gov. Fred W. Green and Col. John S. Hensley, state adjutant general, arrived here in National Guard airplanes today at 9 a. m. They immediately went into conference with police officials.

The governor came from Holland, Mich., and the commander of the state militia came from Camp Gravelly. They were met at an airport by Police Commissioner Thomas C. Wilcox, Superintendent of Police Patrick J. O'Grady, Richard Elliott, deputy commissioner of public safety and Capt. Don Leonard of the state police.

The officials left the airport in a police automobile after a brief conference.

Armed Posse Searching for Two Negro Slayers

By The Associated Press.
MARSHALL, Tex., July 23.—An armed posse combed the countryside around Greenwood, La., east of here today in search of two negroes who shot and killed P. J. Mason, 40, Greenwood merchant, and fled after robbing his wife.

The negroes shot Mason to death in his store when he refused to open his cash register for them. His wife, a witness to the slaying, was forced to give the negroes the contents of the register.

Marion Bakeries Cut Bread Prices One Cent

Reduction in the price of wheat and the reduction by several local bakeries in the price of bread has resulted in a general cut of one cent a loaf on all varieties of Marion-baked bread, it was learned today.

Marion's housewives may now purchase the "staff of life" at 10, 11 and 12 cents a loaf, depending on the size and kind. In each case the bread is one cent a loaf cheaper.

John Shelby, bricklayer of Theresa, N. Y., spent his 88th birthday building a stone chimney.

NOTED PIONEER OF AIR TRAVEL DIES

Career of Glenn H. Curtiss Closed Following Operation in Buffalo Hospital.

Continued from Page 1

Tip, forerunner of the present day airplane.

Curtiss worked and labored, tested, tore up, built anew. In 1911 he established a camp at North Island, near San Diego, Calif., and with Lieut. Ellyson of the navy and Captain Bess of the army set out to master flying off from the water. He succeeded and had America's first hydro-aeroplane.

Overcomes Handicaps.
Curtiss continued along his even way, paying no attention to patent infringement, fighting suits brought by others against himself, building bigger and better ships.

Came the war, and the Curtiss "Jenny," the old type of plane, came into its own. Business boomed and Curtiss became a rich man.

Then the war ended. The Curtiss company decided to expand. But its officers had not bargained with the surplus of war supplies. Disaster threatened.

The company was reorganized, and in the summer of 1920 two of the old names in aviation—Curtiss and Wright—were joined in one corporate title with the merger of the Curtiss interests and the Wright Aeronautical corporation.

Curtiss virtually retired from active flying. He remained a director of the Curtiss-Wright company after abandoning direct control, his advice still eagerly sought by airmen the world around.

BREEZES WELCOME AS MERCURY STAYS UP

Temperature of 97 Degrees Is Recorded Here Tuesday; More Heat Coming.

Cooling breezes of last night which followed a 15-inch rainfall yesterday morning helped to relieve the monotony of the current heat wave, although temperatures are expected to mount slightly again on Thursday.

The weatherman forecast fair weather for tonight with no change in temperature.

Despite yesterday's rains, the temperature hit the 97 mark, within close range of the 100-degree figure through which Marion suffered on Saturday and Sunday. The temperature Monday was 90. Low for yesterday was 66.

A year ago today the mercury reached the 90 figure and was as low as 58.

Cool winds and rain broke the heat wave along the Atlantic coast, but the cooler weather brought with it damaging storms. Associated Press dispatches state. One woman was killed in Brunswick, N. J., and several injured when the wind unroofed several buildings. Lightning killed a man in Boston and another in Baltimore.

Shipping was damaged off the Jersey coast and crops and gardens in many eastern states were partially destroyed by the heavy rains.

GRAND JURY DELAYS ON ENGLISH CASE

Illness of Juror Causes Postponement of Charge Against Marion Man.

Due to illness of one of the jurors, the Allen county grand jury today postponed until Thursday its consideration of the manslaughter charge facing Patrick C. English, local insurance man.

English also is charged with having left the scene of an accident following the death of Clarence H. Folsom, 51-year-old Lima real estate man, early Monday. Folsom was fatally injured when an Essex coupe, which the police say was driven by English, collided with Folsom at a street intersection in Lima late Sunday.

The driver of the automobile which hit Folsom failed to stop after the accident, but instead sped away. Three Pandora youths followed in their automobile and obtained the license number of the car.

English was bound over to the grand jury on \$3,250 bond following his plea of not guilty at a preliminary hearing Monday afternoon. His attorney is Francis W. Durbin of Lima.

Trackless Train and Radio Car Coming Here

The Majestic Radio Co. with the cooperation of local dealers will have an exhibition in Marion Thursday, consisting of a trackless train and Pullman car with facilities for demonstrating the latest in broadcasting and receiving by radio.

The train consists of motorized locomotive and Pullman car furnished with the latest type radio equipment. It will arrive in Marion about 3:45 p. m. and remain here until about 5 p. m.

Demonstrations in both broadcasting and receiving will be conducted during the stay of the train in Marion.

BRING BODY HERE

Columbus Auto Crash Victim at Funeral Home.

The body of Mrs. Myrtle Landis, 28, killed in an automobile accident Monday night, was brought from Columbus to the W. C. Boyd funeral home on South Main street yesterday afternoon and is awaiting funeral arrangements.

She was the daughter of Mrs. Sarah Ella Woolcum of 139 Scioto street and is survived by three brothers all of Marion. Mrs. Landis was an employee in the kitchen at Grant hospital in Columbus, and on the night of the fatal accident, was driving with B. A. Bracken.

The body will remain at the funeral home until arrangements are made for the funeral.

POULTRY TOUR TO SEE TURKEY FARM

Stop at Sheekler's Place Near Here To Be One of Few in Ohio for Students.

Sheekler's Great Mammoth Bronze turkey farm north of the city will be the first stop of the Ohio poultry tour sponsored by the extension department of Ohio State university, which will start Monday from Columbus. Michigan has been selected for the greater part of the trip this year and only a few stops will be made in Ohio, according to plans.

The farm is operated by the Sheekler sisters and is one of the largest turkey farms in the state. This year the owners have 2,000 young turkeys. They also are one of the six largest breeders of coach dogs in the United States.

Guests of the tour will visit one of the largest feed mills in the country, an Ohio R. O. P. breeding farm, two Michigan R. O. P. breeding farms, six commercial poultry plants, one Ohio and one Michigan turkey farm, one of the finest packing plants in Michigan and the Michigan State Agricultural college and egg laying contest. The tour also will include a visit to the Ford motor car factory, Ford's antique city and the Larre research farm.

BOMBS HURLED INTO LAKEWOOD HOMES

Tear Gas Drives Out Families; Suspect Connection with Strike.

By International News Service.
CLEVELAND, July 23.—Violence, believed by police to be the outgrowth of the waiters' strike in downtown Cleveland hotels, broke out here today when tear gas bombs were hurled through the windows of two Lakewood homes, driving seven persons to the street.

One of the bombs was pitched into the home of Paul Loewe, superintendent of the building at Hotel Statler, one of the hotels affected by the waiters' strike.

A second bomb was tossed into the home of Thomas Coder, a building contractor, a few minutes later.

Mrs. Ida Kappel, 51-year-old mother of Mrs. Loewe, was seriously affected by the tear gas bomb. She was reported near collapse.

Attack Legality of Vote Favoring Steel Merger

By International News Service.
YOUNGSTOWN, O., July 23.—The legality of more than 250,000 proxies and ballots cast April 5 in favor of the Youngstown Sheet & Tube merger with Bethlehem steel corporation was attacked today by anti-merger attorneys in the billion-dollar common pleas lawsuit here over the consolidation.

Refutation of the merger is now being contested on the grounds that enough votes were cast illegally or irregularly at the famous stockholders meeting of April 5 to nullify the action.

Derogues of the miniature golf had us floundering pretty tough to crack old man put on the "Master Midget" the upturn layout heroes from the past. The glint of the little courses carries a tough put of 62 and only a tough putt here able to get down under the half-century in their scores. Dick MacArthur, an employee of this course, has been slugging rather consistently below 50 but outside of his par-crawling antics the number of fans who bust of a scene in the 40's can be counted on the fingers or you two hands. Holes three and eighteen are proving the downfall of most of the par-breaking aspirants.

THIS "blind bogey" tournament at the Mt. Vernon miniature course is complete except for about a half-dozen more entrants for the ladies side of the seven sheet. The men's entry list has been filled for a quite a few days and the list for the fair sex golfers is expected to be complete by the end of the week or before. The lucky number for the men is between 30 and 40 while the one for the women is between 40 and 60. Quite a few of the entrants have been getting inside the required scores. The course record of 30 on the east-end layout was recently tied by Bennett Binkley.

Burleigh Grimes, veteran National League pitcher, has won 227 games during his 14 years' service in league.

MOE FACING STRONG FIELD AS PLAY OPENS IN GOLF TOURNAMENT

Western Amateur Draws Best Field in Long History of Tourney.

By The Associated Press
CHICAGO, Ill., July 23.—The tournament for the western amateur golf championship, won by the youthful Don Mac of Portland, Oregon, swept into the match play grid today with a strong, internationally-diversified field in the first.

Facing the young champion in the first opened over the stubbornly trapped and free-lined Beverly Country Club course were at least a half dozen campy champions able to give an argument in almost any kind of a tournament. They were the two Britons, Cyril Valley and P. Phillip Perkins who has won their own country's national amateur titles; Chick Evans and Johnny Lehman of Chicago, who battled to a deadlock with 147 totals of the medal in the 36 hole qualifying round; Kootie Carter of Oklahoma City, former champion, and Bob McCarry, fighting Scot from Des Moines, Iowa, who already has captured two Trans-Mississippi championships in succession.

From the standpoint of real threats, it was probably the fastest field in the tournament's 33 years of play. Moe, spent the task of qualifying, faced an experienced golfer as his first rival in Vince Huntington of Chicago who led into the qualifying bracket yesterday with a 155 total. Moe ranked a big favorite naturally, but his game has been slightly off color since his return from the Walker Cup west in England and Huntington expected to stop his march before he got started.

Lehman, former big ten champion, drew Lloyd Nordstrom of Davenport, Iowa, the "dark horse" who topped the field with a 72 and the end of the first 18 hole qualifying round while Perkins faced Fred Lyon of Pontiac, Ill., western junior champion.

Byns, Talley, McCarry and Carter were located in the lower and harder bracket and faced tough matches from the outset.

eliminated St. Mary's while Calvary was beating the Epworth Juniors behind a no-hit, no-run performance by Rubie Gruber, and Epworth No. 1 was showing inside the Epworth Senior theal, 5 to 3. In the other clash the Lutherans edged the Christians, 8 to 7 in an eight inning battle.

Gruber gave what was probably the most brilliant performance of a brilliant career in blanking the Juniors without a single safe blow. Six men reached first base off "Grube," two by walks and four by errors on the Calvary infield. Only two balls were hit to the Calvary outfield during the entire game, one a liner to center by Crann, which Niemeyer caught and the other a long foul to left which was taken in by Myron Gibson. Gruber struck out six men and was in complete charge of the situation at all times. His control was something to marvel at and it cost aside once and for all the prediction that the great Calvary ace is through as a recreation ball pitcher.

If he hurls the kind of ball he did last night Calvary shouldn't lose another game all the rest of the season. Eddie Mautz had some bad breaks although Calvary also hit him fairly hard with men on bases. Three runs came in the first inning when A. Bohland walked, Robbins and Niemeyer hit safely and M. Gibson drove out a long sacrifice fly. One other

Chuck Klein Tops League Hitters in Four Divisions

By The Associated Press
NEW YORK, July 23.—Chuck Klein, outfielder of the Philadelphia Nationals, has obtained a monopoly on most of the National League's hitting honors.

Latest figures show the Quaker star leading the league in batting with an average of .405; in runs with 57; in runs batted in with 103; and in hits with 140. In addition he is only two home runs behind Hank Wilson who sells the league pace for the circuit southies with 29.

Richardson To Make First Appearance Against Hard-Hitting "9."

Having failed in their attempt to even the score with the Forest Trenches of Columbus last Sunday, the Marion Steam Shovel will try to make amends for an early season defeat when the Toledo Oldsmobiles make their second visit of the year at Lincoln Park next Sunday afternoon. The "Olds" gave the Marion team its first defeat of the season on June 8 when they defeated the locals, 12 to 10, thanks to an clutch inning rally that netted nine runs.

WANTS TO REST IN SPORTS ARENA

By The Associated Press
CHICAGO, July 23.—The last request of P. T. (Paddy) Harmon, dreamer and builder of the world's greatest indoor sports arena, was "I hope you'll lay me out in this stadium—my stadium."

Just before he died yesterday from injuries suffered when his automobile overturned in a ditch, Harmon asked to go once more to the \$7,000,000 world's greatest indoor sports arena, a thing no other club has done this year, but it put St. Louis in sixth place a few points ahead of Chicago.

Jack Scott back to face the locals again or not is not known but it is highly probable. The former Giant has been hurling some pretty fast ball for the Mudhens and it's not likely that the association team's management will allow him to make the trip here. The Oldsmobiles have always brought good hitters here however and the fans can count on good opposition to the local clouters.

If the powers that guide the destinies of the Shovels are wise enough they'll lose no time in tying the can to Mr. Shamp and return one person by name of Apple to the sun.

Tennis in the Y. M. C. A. grade school soft-ball league will start the second round of play Friday morning on the Silk-Mill diamond with Silver leading the pack with a record of five wins and no defeats. Silver took its fifth straight victory by routing out Mark last Friday, 16 to 0.

Pony Caprino, who already has two no-hit games to his credit this season, just missed a third when Thorpe singled to left center with two men out in the seventh. C. Caprino was the clotting star with two triples and a single in four trips to the plate.

Oak played one game behind Silver by dominating the strong Central team, 13 to 5. Millington, Oak first snoter, drove out a home run, double, and two singles in four trips at the bat. Put man was wild, walking a half dozen men.

Pearl street held third place by winning a wild sing-fest from State, 15 to 17. The south-ends won the game by scoring three men in the last inning after two were out. Both Cashner and Millisor were wild and many errors were committed on both sides. Clark and Keck led the sluggers with three singles apiece.

ROBINS REGAIN LEAD IN CHASE FOR FLAG

Hollis Thurston Wins Pitching Duel from Cardinals by Score of 1-0; Cubs in Even Break.

BY HUGH S. FULLERTON, JR., Associated Press Sports Writer

Two teams which sometimes look as if they might get somewhere in the major league pennant race, which aren't doing it are the St. Louis Browns and the Philadelphia Nationals. Both clubs are having unusual winning streaks for them, with three successive victories apiece. But such occasions are all too rare for them to make much progress toward the top. It has been over a month since either has won six games in succession and there have been only a few such occasions all season.

St. Louis made it a real triumph yesterday by downing the Washington Senators, 3 to 1, for a third straight win. Not only did the victory prove the Browns' record of having beaten the Senators oftener than they have lost to them, a thing no other club has done this year, but it put St. Louis in sixth place a few points ahead of Chicago.

Pitching Wins

Dick Coffman's pitching turned the trick although the Browns were again out-hit, 7-0. He kept the Senator blows scattered and harmless. The Boston Red Sox pushed Chicago down behind the Browns by joining three hits with a Chicago error in some twice in the ninth inning and win the game, 4 to 3.

Team That Eliminated Locals Beats By Clinchman.

COLEMBUS, O., July 23.—Unable to overcome the one run lead that its opponent managed to sneak over in the sixth inning, Canton eased itself out of the American Legion's junior baseball tournament here yesterday afternoon.

Cincinnati won the game, 2 to 1, and remains one of the three teams left in the medal which will determine a state champion here Thursday afternoon. Toledo and Elgin are the other two teams. Cincinnati and Elgin will draw early today to see who meets Toledo this afternoon. Elgin beat Cleveland 10 to 8 yesterday.

BANTAM KING FACE TOUGH BATTLE WITH ITALIAN ACE TONIGHT

Al Brown and Domenico Bernasconi To Travel 10 Rounds.

By International News Service
NEW YORK, July 23.—Al Brown the elongated bantamweight champion of the world will face his Italian rival, Domenico Bernasconi, in the City Field tonight.

Brown, that towering young met this little fellow with the trilling name, in old Madrid one year and the Harlem bantam was sp on his heels.

Brown had dropped into 131 for any easy money that might spilled about in loose fashion, when someone asked him if he was to meet Domenico Bernasconi, Al lifted his eyebrows in great surprise and replied that the pleasure was his for the contesting.

Whereupon the match was without Brown having any conception of just how capable D. B. was. The night of the fight came and was spilled four times. He e within a hair's breadth of being knocked out and great would be the shock to the boxing world had Brown remained in one of the dying gladiator poses for the full battle proved. Brown is no slapper himself and he had to be the battle of his life after getting He got the decision at the end of rounds after the toughest fight of career.

The sad part about Domenico's but here tonight is the fact that he's spilling Brown in Madrid, "D" has taken on some extra weight, his arrival in this country he offered the match but the time too short for him to make the bantamweight limit and at his own quest, he asked that the weight made 122.

The boxing commission being asked, though a bit inconsistent, that this is a case of a champion being a man above the bantamweight limit. Brown was and Jess McHugh put them at the top of his c

MORE TO JOIN CANAL DRIVE

Tiffin, Fremont, To Be Asked To Unite In Effort To Land Waterway

Tiffin and Fremont, cities along the proposed Sandusky Marion Portage waterway will be asked next week by the Columbus Waterway association to join with Marion and other cities on the route in their fight to bring the Federal Great Lakes Ohio river waterway through central Ohio. George Whysall, Marion county's representative of the association will today.

Capt. H. C. Williams, secretary-treasurer of the association will be in Marion on Monday to confer with Whysall prior to visiting Tiffin and Fremont.

The proposed route would link the Sandusky and Maumee rivers with a 10-mile canal in Marion county in the vicinity of Green Camp at which point a staff of six engineers from Ohio State university have been conducting a survey to decide the best route for the connecting canal.

The local route would cost the government \$101,000,000 to construct since 20 miles would be needed to deep and rap the canal and over bridges which would ply over the waterway. Its biggest competitor for the proposed federal Great Lakes Ohio waterway is a route between Pittsburgh and Ashland.

Permission of the government to make aerial photographs of the Sandusky Marion Portage route will be sought by the Portsmouth Chamber of Commerce following receipt of an offer from an engineering company to make the picture. It was announced today.
